

AT MODBURY
WEST SCHOOL WE
BELIEVE THAT:

Bullying is everyone's business and everyone's responsibility to reduce it.

At Modbury West we do not have a "one size fits all" approach. This is because each person is different and each incident of bullying is different.

At Modbury West we work in partnership with parents, the targets of bullying and students who exhibit bullying behaviours to negotiate an outcome where all parties feel supported.

How to report

Tell the adult where the bullying happened, how often it has happened, how many people were involved in the bullying and what you have done to try and stop it happening.

When to report

Report the bullying to a trusted adult as soon as it happens. DO NOT IGNORE IT...it will not go away until you do something about it.

What does our school do about incidents of bullying?

At Modbury West School we will listen to the person who is being bullied and the person who exhibits bullying behaviours.

We will use a restorative justice model to ensure that all involved in the bullying will be able to feel their concerns are listened to and acted on. All participants will be offered an opportunity to tell their story.

We will put in place negotiated consequences for those students who bully. These consequences may include separate play zones, office time out, community service, parent meetings, suspension or exclusion.

We will follow our agreed Grievance Procedures. Parents can access this information in the parent handbook.

We will ensure that our practices and responses to bullying behaviour take into account the age, ability, social and emotional development and experiences of students.
